Dear Bob:

Subject: Visit by IG Staff Members

25X1A9a

25X1A9a

This is to advise you that [REDACTED]
[REDACTED] both of the Inspector General's office, are expected to visit Cyprus sometime after 16 October 1959.

These officers do not plan to make an IG Survey of your bureau, but will be available for any discussions that you may wish to have with them. They will probably call you and make a brief visit to the bureau to pay their respects, and to inquire as to whether the bureau has any current problems suitable for IG study.

You should discreetly pass the word among your classified staff, advising staff members that anyone who has a problem to discuss with the IG may feel free to present it during this visit.

25X1A7b It is my understanding that the agency representative in [REDACTED] will be responsible for their accommodations, and it will not be necessary for you to make any arrangements in this regard. However, you may feel free to offer any amenities that seem to be appropriate.

Sincerely,

25X1A9a

[REDACTED]
